Reinstatement of the USA JW1x after DNF in the semi-final A/B 2

In the semi-final A/B 2 of the JW1x the USA sculler capsized. She got back into her boat intending to finish the race but was prevented from doing so by the rescue officials. According to Rule 69 a crew that does not finish the race will not be placed in that race and will not race again in that event, except in the case of a problem which prevents the crew from finishing. In this case the Executive Committee has decided that the USA JW1x was prevented from finishing the race and that she should be placed last in this race. She will therefore progress to the Final B.

Matt SMITH, FISA Executive Director
