GENERAL INFORMATION

LIMASSOL / LEMESOS

The city of Limassol/Lemesos, situated on the south coast, is the 2nd largest town in Cyprus. It is one hour's drive from Larnaca and Paphos Airports as well as Nicosia, the capital city. The average temperature early November is 24 degrees centigrade. Lemesos lies between the two ancient cities of Kourion & Amathus, each with spectacular archaeological remains. The Lemesos mediaeval castle is surrounded by narrow streets with markets and pavement cafes. Having a thriving tourist trade, Lemesos provides everything the visitors could desire; excellent shopping facilities and a variety of bars and Greek tavernas forming an inexpensive chain of eating places. There is also a wide spectrum of activities including water sports.
