Advertising Bye-Laws

1.0 Application of these Rules

These bye-laws apply to all international regattas governed by FISA rules. In addition, certain sections below describe advertising rules for World Rowing Championship, Rowing World Cup and other international regattas as FISA may decide.

They apply to boats and equipment at the regatta venue from the time of the official opening of the venue until the end of the regatta. They apply to rowers' clothing when they are on the water and on or near the victory pontoon or stage during the hours of racing of the regatta (being all times that the traffic rules for racing are in effect in accordance with these Rules) and while victory ceremonies are in progress. . They apply as well to all regatta officials and umpires .They do not concern the Olympic or Youth Olympic Games where the Olympic Charter applies or the Paralympic Games where IPC rules apply.

- a. A boat which does not or rower(s) who do not comply with Rule 41 or its Bye-Laws will not be allowed to race and shall be excluded by the Starter or Umpire.*
- b. A boat that is or rower(s) who are found to have raced but was not compliant with Rule 41 or its Bye-Laws, the crew shall be relegated to last place in the race concerned. If the crew races again in a later round of the same event with clothing and/or equipment that is again in breach of this rule, the crew shall be excluded from the event concerned.*
- c. Rower(s) participating in a victory ceremony who do not comply with Rule 41 or its Bye-Laws may be relegated to last place in the particular race, excluded from the event concerned or otherwise penalised. Medals already awarded to a crew which has been relegated or excluded shall be withdrawn and awarded to the next placed crew in that event.*

The following types of Identifications are permitted under these Rules:

- a. Manufacturer,*
- b. Member federation or Club name,*
- c. Boat name,*

- e. FISA Identification

Each is an "Identification" for the purpose of this Rule.

The area of the Identification is calculated by drawing vertical and horizontal lines at right angles to each other extended from the most extreme points of the name or symbol, or of the background colour if this covers a larger area. The area is therefore measured as a square or rectangle, for example:

1.4 A Manufacturer as Sponsor

If a manufacturer is also a sponsor, it may use the space reserved for a sponsor, but is not allowed to create a single larger area by combining the two specified areas. If the area reserved for the manufacturer is not used by the manufacturer, it cannot be used for another purpose.

1.5 Identifications within the Crew

The Identifications do not necessarily have to be the same on the boat, the different items of clothing and the oars/sculls., but within each type it must be identical; for example, all the oars/sculls of a crew must carry the same Identification in the same format; and each individual item of clothing must be identified in the same way for all members of the crew.

Member federations' crews are permitted to utilise all opportunities to display their national identity on their official uniforms and equipment in areas which are not otherwise restricted.
