3. Retirement Policy – Form Attached

Please note Articles 5.6.3 and 5.7.1 of the Anti-Doping Bye-Laws in the FISA Rule Book.

Retirement and Return to Competition

5.6.3 A Rower in FISA's Registered Testing Pool for that year shall continue to be subject to the obligation to comply with the whereabouts requirements of Annex 1 to the International Standard for Testing and Investigations until 31 December of that year, unless the Rower gives written notice to FISA that he has retired.

5.7.1 A Rower in the FISA Registered Testing Pool who has given notice of retirement to FISA may not resume competing at national and international rowing Competitions until he has given FISA written notice of his intent to resume competing and has made himself available for Testing for a period of at least six (6) months before returning to Competition, including (if requested) complying with the whereabouts requirements of Annex 1 to the International Standard for Testing and Investigations. WADA, in consultation with FISA and the Athlete's National Anti-Doping Organisation, may grant an exemption to the six-month written notice rule where the strict application of that rule would be manifestly unfair to an Athlete. This decision may be appealed under Article 13. Any competitive results obtained in violation of this Article 5.7.1 shall be Disqualified.

4. Therapeutic Use Exemptions (TUEs)

To be submitted using ADAMS - international level rowers

Any international level rower using a Prohibited Substance or Prohibited Method for therapeutic reasons must have a valid FISA TUE. In addition to all rowers included in FISA's Registered Testing Pool, all Rowers who intend to compete in the following international competitions shall be considered international level for TUE purposes (reference paragraph 4.4.2 of the 2017 Anti-Doping Rules):

- World Rowing Championships for Senior, Under 23 and Junior
- Continental Rowing Championships, Regional Games and Olympic, Youth Olympic and Paralympic Qualification Regattas
- World Rowing Cup Regattas
- World and Continental Championships in rowing ergometer competitions
- Olympic, Youth Olympic and Paralympic Rowing Regattas

Rowers are advised that a FISA approved TUE may only be valid for national competitions 21 days after approval by FISA, therefore rowers are informed that they should apply for a TUE from their national anti-doping organisation as well as from FISA. Please refer to Article 4.4.2.2 of the FISA Anti-Doping Bye-Laws.

All TUEs submitted to FISA must be submitted in ADAMS. All relevant medical evidence must be attached. If an athlete does not have an account in ADAMS, please contact Natalie at FISA (natalie.schmutz@fisa.org) for an account to be set up.

Glucocorticosteroids

1. The use of glucocorticosteroids when administered by oral, intravenous, intramuscular or rectal routes is prohibited and requires a TUE.
2. Glucocorticosteroids administered by intraarticular, periarticular, peritendinous, epidural, intradermal and inhalation routes do not require a TUE or a declaration of use. However the athlete should declare the use of these substances on the doping control form if required to undergo an anti-doping test.

Asthma

3.

4. Inhaled formoterol, salbutamol and salmeterol are not included in the WADA Prohibited list. A declaration of use is not required however the use of these substances must be declared on the doping control form by the athlete if tested.
5. The inhalation of terbutaline still requires the submission of a TUE application in ADAMS.
