

## **Army Rowing Node, College of Military Engineering, Pune, India, is looking for a rowing coach**

Established in 2001 to help the development of rowing in India, Army Rowing Node is one of India's best clubs, winning medals in national competitions. We have 99 percent of male participants who represents India at various International competitions. We train 90 rowers, including three teams - Elite, Intermediate and Novices. We have an artificial Rowing course available for our team but also, a boathouse, a gymnasium and an Indoor Rowing facility available for training.

We are aiming the maximum number of gold medals possible at **19<sup>th</sup> Asian Games Hangzhou 2022**. We would like to achieve the **Olympic Qualification** quota for maximum men events from **World Rowing Championship 2023** a first step before qualifying for finals at the **Olympic Games Paris 2024**. This will be our primary aim towards winning a medal at **Olympic Games Los Angeles 2028**.
