## **QUALIFICATION PRINCIPLES**

Only those countries that have not qualified any boats at the 2019 World Rowing Championships shall be eligible to participate in the Continental Qualification Regattas. There will be no restriction on who may participate in the Final Qualification Regatta. This means that those NPCs that have participated in the Continental Qualification Regatta in an event but not qualified may compete again in the same event at the Final Qualification Regatta.

An eligible NPC may only enter one (1) boat per event at the relevant Continental Qualification Regatta and at the Final Qualification Regatta.

An NPC will be allowed to qualify a maximum of one (1) boat through the Continental Qualification Regatta. If an NPC achieves more than one qualifying place at a Continental Qualification Regatta, it is the highest-ranking boat from the NPC that qualifies for the Paralympic Games. If two boats have equal rank in qualifying places, then the NPC must select the boat that will qualify for the Paralympic Games.

In the case where two boats from an NPC achieve a qualifying place at the Continental Qualification Regatta, the qualification place of the boat that is not selected by the NPC to qualify for the Paralympic Games passes to the next highest ranked boat in that event.

There shall be no restriction on the number of boats which an NPC may qualify at the 2019 World Rowing Championships and the Final Qualification Regatta up to the entry limit of one boat per NPC per medal event at the Paralympic Games.
